Home > Focus Areas

The Champion Provider Fellowship tailors its curriculum and training to five key focus areas: Food Security, Healthy Food and Beverage Standards, Safe Routes to School, School Wellness Policy, and Structured Physical Activity.

Food Security

The consistent availability and usability of affordable food among underserved communities.

Healthy Food & Beverage Standards

A set of requirements that define the types of foods and beverages available and the way they are promoted in stores, restaurants, workplaces, settings, and other places where individuals can get food.

Safe Routes to School

Any effort to make it safer, more accessible, and affordable for students, and their families, to walk, bike, or take public transit to school.

School Wellness

Any effort to improve a school's food or physical environment over, and above, changes required by federal law.

Structured Physical Activity

Convenient, planned, guided, and culturally appropriate recreational opportunities in community centers, schools, workplaces, offices, and other
