PARTNERSHIP

Santa Barbara County Public Health Department / CalFresh Healthy Living

Nutrition services is fairly robust in our community

My personal passion is encouraging more physical activity

No cohesive platform for this in our communities

Timeline:

3-6/21: Met with CalFresh Healthy Living Team / Public Health Department

6-8/21: Data collection

8/21-3/22: Built online play resource guide

4/22-Present: Distributed resource to Public Health Care Centers

Integrated into EHR

Started tracking data

5/22: Offered resource to community on Public Health Website

PARTNERSHIP

Challenges:

COVID! - planned to host a Pediatric Obesity Summit Meeting in October 2021
and had to cancel due to COVID surge

Successes:

New online resource tool
Connecting with community partners
Added as an Adverse Childhood Experiences (ACES) buffering service

COVID-19: OPPORTUNITIES & CHALLENGES

Challenges:

COVID - inhibited us from hosting our in-person community fair / partnership with the School Wellness Summit

Opportunities:

Focused our efforts on creating an online resource instead
Now can build upon this virtual platform - housing local promotions, assisting families with summer camp sign ups, texting options

NEXT STEPS

Scale up!

Data collection

Investigate app design

Secure funding

Expand community partnerships

Increase awareness

Keep the Conversation Going
